

Congratulations to the class of Year 12 – 2012 Outstanding HSC results!

Last year students and staff committed to getting “one more mark” in each of the courses studied, and this certainly contributed to a general push of results “up the Bands”. As a result, every student benefitted by working together with a common aim. The table below lists our outstanding individual achievers. As is our tradition, these students were acknowledged at our Opening College Mass in Week 3 of the 2013 school year. The College has focused on the development of Literacy skills across all subject areas, and in finding ways to motivate our boys to achieve

“personal bests”. I would like to acknowledge and thank our teachers for their outstanding work in supporting our HSC students. The 2012 results certainly reflect learning gains in these two areas.

We extend congratulations to Remony Vials who, with an ATAR of 98.15, is the College Dux for 2012.
