

Morning Session: Assemble at 8:15am

Afternoon Session: Assemble at 1:00pm

Misreading the exam timetable is not a valid excuse for misadventure

No alternate tasks can be issued if you misread the timetable.

It is the responsibility of candidates to know the duration and requirements of each of their exams.

Students are expected to be at the College before the time set to assemble.

If you have a clash of exams you must see Mr. Ginestra this week to organise an alternative arrangement.

During the exam period you attend in full school uniform for exams only, however, you are free to use the library to study 7 am - 5 pm each day. You only attend for your exams no classes run during this time.
